CHAMBERSBURG, PA 17201-4180
December 11, 1990

REPLY TO
ATTENTION OF

Office of the Director

SFC Rodney G. Barber
Directorate for Major Item
Information Programs
Chambersburg, Pennsylvania 17201-4180

Dear Sergeant Barber:

Recently, Presidents Bush of the United States and Gorbachev of the Soviet Union, along with the heads of government of the North Atlantic Treaty Organization (NATO) and the Warsaw Pact countries, signed the Conventional Forces in Europe Arms Reduction Treaty; signifying the end to 45 years of political and social unrest, and occasional military conflict. This historic event was made possible in large part due to your efforts in the development and implementation of the Conventional Arms Asset Tracking System (CAATS).

Your dedication and diligence in working with the U.S. Army Europe Conventional Forces task force (and the units themselves) to resolve disparities in the data are greatly appreciated.

Undoubtedly, November 19, 1990 will be regarded as a major landmark in world history marking a turning point in promoting world peace. You can take pride in the fact that you were a major contributor to that historic occasion. On behalf of the entire SIMA organization, I commend you for a job well done!

Sincerely,

Great job, Rod!
